

7th International Conference on Transport Research

“From Basic research to innovative applications”

Athens, Greece, 5-6 November 2015

1st Announcement

The **Hellenic Institute of Transport (H.I.T.)** and the **Hellenic Institute of Transportation Engineers (H.I.T.E.)** organize the “7th International Conference on Transport Research” with main theme: *“From basic research to innovative applications”*. The event will take place in Athens, Greece, at the Conference Hall (amphitheater) of the Ministry of Infrastructure, Transport and Networks, located at Holargos (2 Anastaseos Str. and Tsigante, PC 101 91), on 5 & 6 November 2015.

The Conference series on Transport Research (ICTR), is considered a well established event in the transport sector in Greece and it is addressed to all members of the scientific community as well as to agencies and authorities of all government levels. It is also addressed to private sector industries activated in the design, development and implementation of innovative applications in the transport sector. Main goals of the conference are the presentation of recent research efforts and results, the consideration of contemporary developments in this area, the strengthening of the relationships between research, practice and public policy and the exchange of opinions and experiences in the transport research arena at the national and international level.

Authors aiming to submit scientific papers should do so by uploading the full paper by March 9, 2015. Papers may be written either in Greek or in English, containing an extended summary in the other language. Guidelines about paper preparation, submission and presentation will be provided in the next conference announcement and will be available at the conference website: www.ictr.gr.

The conference papers should fall into one of the following scientific areas:

- Sustainable Mobility
- Freight Transport and Logistics
- Transport Safety and Security
- Energy and Environment
- Transport Economics and Policy

The 7th ICTR pertains to all transport modes (road, rail, maritime and air) as well as to cross and trans modality and aims at high quality papers which will be given the opportunity to be published at peer reviewed journals following additional evaluation and necessary context and format adaptations. The following are at the moment the journals which will consider publishing high standard papers of the 7th ICTR.

- International Journal of Transportation
- Shipping and Transport
- SPOUDAI - Journal of Economics and Business

Important dates

09 March 2015: Full Paper submission deadline

26 June 2015: Author notification by the Scientific Committee

11 September 2015: Deadline for submission of final papers

For more information about the event please visit the conference website www.ictr.gr or contact info.ictr2015@gmail.com.
