**7<sup>th</sup> INTERNATIONAL CONGRESS ON TRANSPORTATION RESEARCH**  
From basic research to innovative applications

## Instructions for the Preparation and Submission of Presentations

All presentations should be prepared in English following the template that has been uploaded on the website of the conference. The number of slides should be limited to 20, while the total time that will be available to presenters will be 15 minutes.

For the short presentations of young researchers, the maximum number of slides is 7 and the total presentation time will be strictly limited to 5 minutes.

All presentations should be submitted in a PDF format file and only if there is a special reason (e.g. use of animation) can be submitted in a MS Powerpoint format file (ppt or pptx) or in a respective open software.

Presentations should be submitted following previous submission in the EASYCHAIR system and no later than the **30th of October 2015**.

All presentations will be pre-installed in the computer that will be available in the conference hall, while it must be noted that the oral presentation can be conducted either in English or Greek.
